

TechSmith Relay & Spel.eLearn(Moodle) Integration

The instructions below are a guide to integrate TechSmith Relay with Moodle. At the end of this guide, you'll find answers to frequently asked questions regarding integration.

Why integrate with Moodle?

While it's possible to share videos with students using embed code or video URLs, an integration provides the following benefits:

- Viewers do not need to manage separate TechSmith accounts to view TechSmith Relay videos. Instead, they are authorized via their Moodle credentials.
- The content is delivered within Moodle, and is already familiar to viewers.

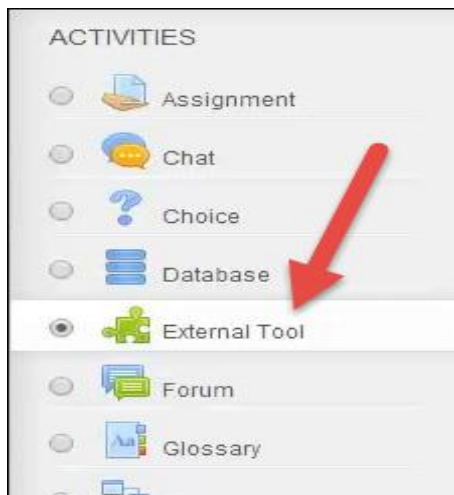

Adding a TechSmith Relay video to a course in Moodle

Instructors who would like to add TechSmith Relay videos to their courses should follow the following steps:

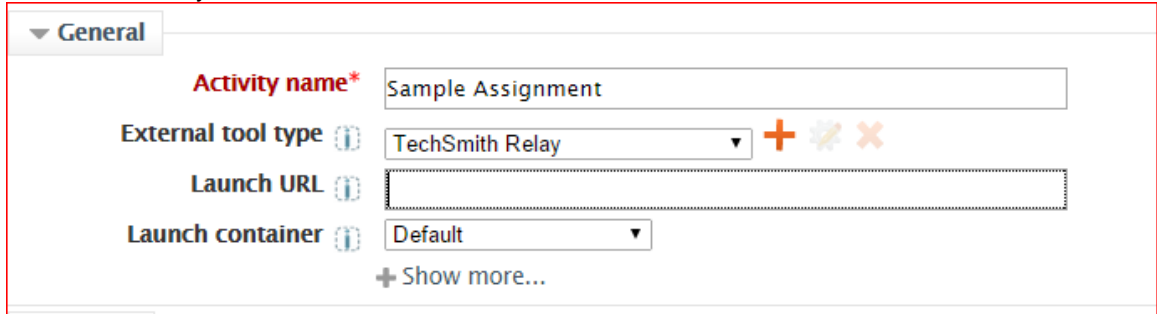

1. In a Moodle course, click [Add an activity or resource](#).

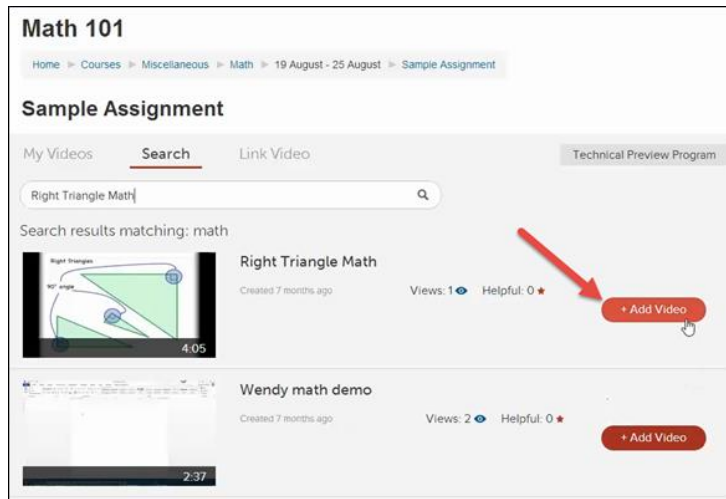

2. Select External Tool from the Activities list.

- Under the External tool type drop-down, select *TechSmith Relay* that allows you to insert TechSmith Relay content. **Leave the Launch URL field blank.**

- Click the **Save and Display** button to continue.
- Using the tabs, locate the video you would like to add, and click the **Add Media** button.

The screenshot shows a course page for 'Math 101' with a breadcrumb trail: Home > Courses > Miscellaneous > Math > 19 August - 25 August > Sample Assignment. The page title is 'Sample Assignment'. Below the title are tabs for 'My Videos', 'Search', and 'Link Video'. A search bar contains 'Right Triangle Math'. The search results are for 'math' and show two videos: 'Right Triangle Math' (4:05) and 'Wendy math demo' (2:37). A red arrow points to the '+ Add Video' button for the first video.

- The video can now be viewed by students accessing this activity.

Common questions about managing a TechSmith Relay LTI integration

Q: How do instructors get quiz results and view analytics?

A: Instructors will receive nightly reports via email. They can also log in to their TechSmith Relay account to access video reports and analytics.

Q: Can TechSmith Relay send quiz results to an instructor's SpeleLearn (Moodle) course gradebook?

A: Not at this time, however an entry of your TechSmith Relay Assignment will be added to the grade book where you can input a manual grade.
