

2015 Cigna

prescription drug list

Choosing the medication that is right for you is between you and your doctor. This prescription drug list offers you an extensive list of brand name and generic medications that are covered under your pharmacy plan.

Choosing where to fill your medication should be easy, too. With access to a complete network of retail pharmacies (including all major chains and most local and regional pharmacies) and Cigna Home Delivery Pharmacy, you have convenient access to your medications – whether you pick them up or have them delivered to your home.

Within this document you will find a list of medications covered under your plan, in an easy-to-read format. You will see:

1. Medications split into three categories (generic, preferred brand and non-preferred brand)
2. Health conditions and medications listed in alphabetical order
3. Symbols to let you know if there are any important details related to coverage

Offered by: Connecticut General Life Insurance Company or Cigna Health and Life Insurance Company.

Your three-tier prescription drug list

A three-tier prescription drug list splits medications into three categories (or tiers):

1st Tier – Generic Medications: Generic medications have the same active ingredients, safety, dosage, quality and strength as their brand name counterparts. You will usually pay less for generic medications under a three-tier plan.

2nd Tier – Preferred Brand Medications: Preferred brand medications will usually cost more than a generic, but may cost less than a non-preferred brand on a three-tier plan.

3rd Tier – Non-Preferred Brand Medications: Non-preferred brand medications generally have generic alternatives and/or one or more preferred brand options within the same drug class. You will usually pay more for non-preferred medications on a three-tier plan.

Preventive prescription drug option

Preventive medications are described as medications that are used to prevent a disease or condition in people with risk factors such as: high blood pressure, high cholesterol, diabetes, asthma, osteoporosis, heart attack and stroke, or to prevent the recurrence of the disease or condition in people who have recovered.

Preventive medications do not include drugs used to treat an existing illness, injury or condition. Some pharmacy plans require you to pay a certain amount (deductible) before the plan coverage begins, but preventive medications may be covered before you reach that amount. To be sure, you can read your enrollment materials to see how preventive medications are covered specific to your plan. Also, a list of all covered preventive medications is available on **myCigna.com**. Preventive medications are identified by a “PM” symbol within the drug list search.

Understanding Cigna’s prescription drug list

Every medication available on Cigna’s prescription drug list has been approved by the U.S. Food and Drug Administration (FDA). This list represents the most commonly prescribed medications. *Please note: this list is subject to change.* If you do not see a specific medication on this list, please check **myCigna.com** to see all of the medications covered under your plan.

The symbols on the list mean

If a medication on the list has one of the following symbols, your doctor may have to get an authorization (approval) for coverage of that medication.

- PA:** **Prior Authorization** may be required for different reasons. To learn the requirements needed for coverage of a specific medication, feel free to give us a call.
- QL:** **Quantity Limit** means you may have coverage for a limited amount of a specific medication.
- AGE:** **Age Requirement** means that a person must be within a specific age group for a specific medication to be covered.
- ST:** **Step Therapy** is a prior authorization program that requires you to try other medications available to treat the same condition before the medication with the “ST” is covered.

myCigna.com

Our customer website that can help you manage your prescription coverage:

When you visit **myCigna.com**, you can:

- Look up the details of your specific pharmacy plan
- Research thousands of available medications
- Compare medication prices using the Prescription Drug Price Quote tool
- Ask a pharmacist questions
- And much, much more!

Medications delivered right to your home

Cigna Home Delivery Pharmacy is designed for people who take prescription medications on a regular basis (including specialty medications). The benefits of Cigna Home Delivery Pharmacy include:

- **QuickFill**, our automatic refill reminder service, makes it simple for you to fill prescriptions through email or phone
- Getting up to a 90-day supply of your medications in one fill
- Delivery of medications to your door at no additional charge
- Licensed pharmacists available to help 24/7
- CoachRx: a free tool that can help with reminders, coaching and information. Visit **Cigna.com/coachrx** to learn more
- It's easy to switch! Just call **1.800.835.3784**

For more information, visit the Cigna Home Delivery Pharmacy page on **myCigna.com**.

Save time and money with the convenience of Cigna Home Delivery Pharmacy

Health care reform and you

The Patient Protection and Affordable Care Act (PPACA), commonly referred to as “health care reform,” was signed into law on March 23, 2010. This important legislation will result in changes to every American’s health coverage. Some of the changes took effect in 2010, and most of the law’s effects will be felt by 2014. Cigna will comply with all provisions of the law including those that impact your pharmacy coverage plan. For example, depending upon the final government regulations, coverage of medications that have not traditionally been included in pharmacy plans, such as specific over-the-counter (OTC) medications, may be made available at no cost-share to you. As with all covered medications, we would require a prescription from your doctor to process the claim under your pharmacy plan (including OTC medications). To get the most current information, visit **www.informedonreform.com** or **Cigna.com** and look for the “Informed on Reform” link.

If you have questions

Please call the toll-free number on the back of your Cigna ID card. We’re here to help.

Exclusions and limitations

Plans typically do not provide coverage for the following, except as required by law or by the terms of your specific plan:

1. Any medications available over-the-counter (OTC) that do not require a prescription by federal or state law, and any medication that is a pharmaceutical alternative to an OTC medication other than insulin [examples include OTC Benadryl, Maalox, Sudafed PE, etc.].
2. Medications that are therapeutically equivalent as determined by the Cigna HealthCare Pharmacy and Therapeutics Committee in which at least one of the medications within the class is available over the counter [examples include Rx equivalents to OTC Allegra, Claritin and Zyrtec (Allegra D, Clarinex, Xyzal) and Rx equivalents to OTC Prevacid, Prilosec and Zantac (Aciphex, Kapidex, Nexium, Axid, Pepcid, Zantac)].
3. Any injectable infertility medications, and any injectable medications that require health care professional supervision and are not typically considered self-administered medications. The following are examples of health care professional-supervised medications: injectables used to treat hemophilia and RSV (respiratory syncytial virus), chemotherapy injectables and endocrine and metabolic agents.
4. Any medications that are experimental or investigational within the meaning set forth in the summary plan description.
5. Food and Drug Administration (FDA) approved medications used for purposes other than those approved by the FDA unless the medication is recognized for the treatment of the particular indication in one of the standard reference compendia (The United States Pharmacopoeia Drug Information or The American Hospital Formulary Service Drug Information) or in medical literature. Medical literature means scientific studies published in a peer-reviewed national professional medical journal.
6. Any prescription and non-prescription supplies (such as ostomy supplies), devices and appliances.
7. Any contraceptive medications and prescription appliances for contraception.
8. Implantable contraceptive products.
9. Any fertility medication.
10. Any medications used for treatment of sexual dysfunction, including but not limited to erectile dysfunction, delayed ejaculation, anorgasmia and decreased libido.
11. Any prescription vitamins (other than prenatal vitamins), dietary supplements and fluoride products.
12. Medications used for cosmetic purposes, such as medications used to reduce wrinkles, medications to promote hair growth, medications used to control perspiration and fade cream products.
13. Any diet pills or appetite suppressants (anorectics).
14. Prescription smoking cessation products.
15. Immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis (the prevention of travel-related diseases).
16. Replacement of prescription medications and related supplies due to loss or theft.
17. Medications used to enhance athletic performance.
18. Medications that are to be taken by, or administered to, a customer while the customer is a patient in a licensed hospital, skilled nursing facility, rest home or similar institution which operates on its premises, or allows to be operated on its premises, a facility for dispensing pharmaceuticals.
19. Prescriptions more than one year from the original date of issue.

Cigna reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

"Cigna" and the "Tree of Life" logo are registered service marks, and "Cigna Home Delivery Pharmacy" is a service mark of Cigna Intellectual Property, Inc., licensed for use by Cigna Corporation and its operating subsidiaries. All products and services are provided by or through such operating subsidiaries and not by Cigna Corporation. Such operating subsidiaries include Connecticut General Life Insurance Company, Cigna Health and Life Insurance Company, Tel-Drug, Inc., Tel-Drug of Pennsylvania, L.L.C., and HMO subsidiaries of Cigna Health Corporation. "Cigna Specialty Pharmacy Services" refers to the specialty drug division of Tel-Drug, Inc. and Tel-Drug of Pennsylvania, L.L.C., doing business as Cigna Home Delivery Pharmacy.
