Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

When you select a Participating Provider, this Plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Care Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

FPINTRO4V1

CIGNA'S Toll-Free Care Line

CIGNA's toll-free care line allows you to talk to a health care professional during normal business hours, Monday through Friday, simply by calling the toll-free number shown on your ID card.

CIGNA's toll-free care line personnel can provide you with the names of Participating Providers. If you or your Dependents need medical care, you may consult your Physician Guide which lists the Participating Providers in your area or call CIGNA's toll-free number for assistance. If you or your Dependents need medical care while away from home, you may have access to a national network of Participating Providers through CIGNA's Away-From-Home Care feature. Call CIGNA's toll-free care line for the names of Participating Providers in other network areas. Whether you obtain the name of a Participating Provider from your Physician Guide or through the care line, it is recommended that prior to making an appointment you call the provider to confirm that he or she is a current participant in the Open Access Plus Program.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

1. You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
2. The Review Organization assesses each case to determine whether Case Management is appropriate.
3. You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.

FPCM6

4. Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
5. The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing

services or a Hospital bed and other Durable Medical Equipment for the home).

6. The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
7. Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by CG for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician, if you choose.

Important Notices

Patient Protection and Affordable Care Act Endorsement

The group contract or certificate is amended as stated below.

In the event of a conflict between the provisions of your plan documents and the provisions of this endorsement, the provisions that provide the better benefit shall apply.

Definitions

"Emergency medical condition" means a medical condition which manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in 1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; 2) serious impairment to bodily functions; or 3) serious dysfunction of any bodily organ or part.

"Emergency services" means, with respect to an emergency medical condition: (a) a medical screening examination that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and (b) such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the hospital, to stabilize the patient.

"Essential health benefits" means, to the extent covered under the plan, expenses incurred with respect to covered services, in at least the following categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease

management and pediatric services, including oral and vision care.

"Patient Protection and Affordable Care Act of 2010" means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

"Stabilize" means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.

Lifetime Dollar Limits

Any lifetime limit on the aggregate dollar value of essential health benefits is deleted. Any lifetime limits on the dollar value of any essential health benefits are deleted.

Annual Dollar Limits

Any annual limits on the dollar value of essential health benefits are deleted.

Rescissions

Your coverage may not be rescinded (retroactively terminated) unless: (1) the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or (2) the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

Extension of Coverage to Dependents

Dependent children are eligible for coverage up to the age of 26. Any restrictions in the definition of Dependent in your plan document which require a child to be unmarried, a student, financially dependent on the employee, etc. no longer apply. If the definition of Dependent in the plan document provides coverage for a child beyond age 26, the provision and all restrictions will continue to apply starting at age 26. Any provisions related to coverage of a handicapped child continue to apply starting at age 26.

Preventive Services

In addition to any other preventive care services described in the plan documents, no deductible, copayment, or coinsurance shall apply to the following Covered Services.

However, the covered services must be provided by a Participating Provider:

(1) evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;

(2) immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Covered Person involved;

(3) for infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;

(4) for women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Preservice Medical Necessity Determinations

If standard determination periods would (a) seriously jeopardize your life or health, your ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, the preservice determination will be made on an expedited basis. The Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. You or your representative will be notified of an expedited determination within 24 hours after receipt of the request.

Notice of Adverse Determination

In addition to the description provided in your plan documents, a notice of adverse benefit determination will also include information sufficient for you to identify the claim, and information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process. In the case of a final adverse benefit determination, your notice will include a discussion of the decision.

Right to Appeal

You have the right to appeal any decision or action taken to deny, reduce, or terminate the provision of or payment for health care services covered by your plan or to rescind your coverage. When a requested service or payment for the service has been denied, reduced or terminated based on a judgment as to the medical necessity, appropriateness, health care setting, level of care, or effectiveness of the health care service, you have the right to have the decision reviewed by an independent review organization not associated with CIGNA.

Except where life or health would be seriously jeopardized, you must first exhaust the internal appeal process set forth in your plan documents before your request for an external independent review will be granted. If the plan does not strictly adhere to all internal claim and appeals processes, you can be deemed to have exhausted the internal appeal process.

Your appeal rights are outlined in your plan documents. In addition, before a final internal adverse benefit determination is issued, if applicable, you will be provided, free of charge,

any new or additional evidence considered, or rationale relied upon, in sufficient time to allow you the opportunity to respond before the final notice is issued.

Emergency Services

Emergency Services, as defined above, are covered without the need for any prior authorization determination and without regard as to whether the health care provider furnishing such services is a participating provider. Emergency Services, as defined above, provided by a Non-participating Provider will be covered as if the services were provided by a Participating Provider.

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. Until you make this designation, CIGNA designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

Preexisting Condition Limitations

Any Preexisting Condition Limitation provision described in the plan document does not apply to anyone who is under 19 years of age.

NOT222

Your Rights and Responsibilities

This certificate includes information regarding your right to:

- Receive medically appropriate care in a timely and convenient manner;
- participate in decision making regarding treatment, care and services;
- receive information about the plan, services and providers;
- voice complaints or request appeals and have them addressed in a timely manner; and
- have a family member or designated person facilitate any care when the enrollee is unable to do so.

This certificate explains your responsibilities to:

- Provide necessary information to facilitate medical care;
- cooperate with health care providers by keeping appointments and following recommended treatment; and
- follow the health plan's rules and regulations.

NOT42

Notice Regarding Provider Directories and Provider Networks - Vision

A Participating Provider network consists of a group of local practitioners who contract directly or indirectly with CGLIC to provide services to members.

You may receive a listing of Participating Providers by calling the member services number on your benefit identification card, or by visiting www.mycigna.com.

Notice - Participating Provider Benefits

The Vision benefit plan includes two options:

1. If you select a Participating Provider CG will base its payment on the amount listed in the Schedule of Benefits. The Participating Provider will limit his/her charge to the Contracted Fee for the service.
2. If you select a Non-Participating Provider CG will base its payment on the amount listed in the Out-of-Network section of the Schedule of Benefits. The Non-Participating Provider may balance bill up to his/her actual charge.

Notice – Emergency Services

Emergency Services rendered by a Non-Participating Provider will be paid at the Participating Provider benefit level in the event a Participating Provider is not available.

How To File Your Claim

The prompt filing of any required claim form will result in faster payment of your claim.

You may get the required claim forms from your Benefit Plan Administrator. All fully completed claim forms and bills should be sent directly to your servicing CG Claim Office.

Depending on your Group Insurance Plan benefits, file your claim forms as described below.

Hospital Confinement

If possible, get your Group Medical Insurance claim form before you are admitted to the Hospital. This form will make your admission easier and any cash deposit usually required will be waived.

If you have a Benefit Identification Card, present it at the admission office at the time of your admission. The card tells the Hospital to send its bills directly to CG.

Doctor's Bills and Other Medical Expenses

The first Medical Claim should be filed as soon as you have incurred covered expenses. Itemized copies of your bills should be sent with the claim form. If you have any additional bills after the first treatment, file them periodically.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CG'S CLAIM FORMS, OR WHEN YOU CALL YOUR CG CLAIM OFFICE.

  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

  YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- PROMPT FILING OF ANY REQUIRED CLAIM FORMS RESULTS IN FASTER PAYMENT OF YOUR CLAIMS.

WARNING: Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit is guilty of a crime and may be subject to fines and confinement in prison.

Accident and Health Provisions

Claims

Notice of Claim

Written notice of claim must be given to CG within 30 days after the occurrence or start of the loss on which claim is based. If notice is not given in that time, the claim will not be invalidated or reduced if it is shown that written notice was given as soon as was reasonably possible.

Claim Forms

When CG receives the notice of claim, it will give to the claimant, or to the Policyholder for the claimant, the claim forms which it uses for filing proof of loss. If the claimant does not get these claim forms within 10 working days after CG receives notice of claim, he will be considered to meet the proof of loss requirements of the policy if he submits written proof of loss within 90 days after the date of loss. This proof must describe the occurrence, character and extent of the loss for which claim is made.

Proof of Loss

Written proof of loss must be given to CG within 90 days after the date of the loss for which claim is made. If written proof of loss is not given in that time, the claim will not be invalidated or reduced if it is shown that written proof of loss was given as soon as was reasonably possible.

Physical Examination

CG, at its own expense, will have the right to examine any person for whom claim is pending as often as it may reasonably require.

Legal Actions

Where CG has followed the terms of the policy, no action at law or in equity will be brought to recover on the policy until at least 60 days after proof of loss has been filed with CG. No action will be brought at all unless brought within 3 years after the time within which proof of loss is required.

Eligibility — Effective Date

Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, full-time Employee; and
- you normally work at least 35 hours a week.

If you were previously insured and your insurance ceased, you must satisfy the Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased. If you had coverage under a prior health benefit plan within 90 days of your enrollment under this plan, you are not required to satisfy any waiting period for this plan.

Eligibility for Dependent Insurance

You will become eligible for Dependent insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Waiting Period

Employee Group: The first day of the month following date of hire.

Classes of Eligible Employees

Each Employee as reported to the insurance company by your Employer.

GM6000 EL 2

ELI5V8 M

Employee Insurance

This plan is offered to you as an Employee. To be insured, you will have to pay part of the cost.

Effective Date of Your Insurance

You will become insured on the date you elect the insurance by signing an approved payroll deduction form, but no earlier than the date you become eligible. If you are a Late Entrant, your insurance will not become effective until CG agrees to insure you. You will not be denied enrollment for Medical Insurance due to your health status.

You will become insured on your first day of eligibility, following your election, if you are in Active Service on that date, or if you are not in Active Service on that date due to your health status.

Late Entrant - Employee

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction.

GM6000 EF 1

ELI7V82 M

Dependent Insurance

For your Dependents to be insured, you will have to pay part of the cost of Dependent Insurance.

Effective Date of Dependent Insurance

Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form, but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included.

If you are a Late Entrant for Dependent Insurance, the insurance for each of your Dependents will not become effective until CG agrees to insure that Dependent. Your Dependent will not be denied enrollment for Medical Insurance due to health status.

Your Dependents will be insured only if you are insured.

Late Entrant – Dependent

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction.

Exception for Newborns

Any Dependent child born while you are insured for Medical Insurance will become insured for Medical Insurance on the date of his birth if you elect Dependent Medical Insurance no later than 31 days after his birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

Open Access Plus Medical Benefits

The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

Coinsurance

The term Coinsurance means the percentage of charges for Covered Expenses that an insured person is required to pay under the plan.

Copayments/Deductibles

Copayments are expenses to be paid by you or your Dependent for covered services. Deductibles are also expenses to be paid by you or your Dependent. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

Covered Expenses that were incurred and applied toward any Individual or Family Deductible during the last 3 months of the Calendar Year will be applied toward that next year's deductibles.

Out-of-Pocket Expenses

Out-of-Pocket Expenses are Covered Expenses incurred for In-Network and Out-of-Network charges that are not paid by the benefit plan because of any:

- Coinsurance.

Charges will not accumulate toward the Out-of-Pocket Maximum for Covered Expenses incurred for:

- non-compliance penalties.
- provider charges in excess of the Maximum Reimbursable Charge.

When the Out-of-Pocket Maximum shown in The Schedule is reached, Injury and Sickness benefits are payable at 100% except for:

- non-compliance penalties.
- provider charges in excess of the Maximum Reimbursable Charge.

Accumulation of Plan Deductibles and Out-of-Pocket Maximums

Deductibles and Out-of-Pocket Maximums do not cross-accumulate (that is, In-Network will accumulate to In-Network and Out-of-Network will accumulate to Out-of-Network). All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Open Access Plus Medical Benefits

The Schedule

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed 20 percent of the surgeon's allowable charge. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts).

Co-Surgeon

The maximum amount payable will be limited to charges made by co-surgeons that do not exceed 20 percent of the surgeon's allowable charge plus 20 percent. (For purposes of this limitation, allowable charge means the amount payable to the surgeons prior to any reductions due to coinsurance or deductible amounts.)

Open Access Plus Medical Benefits

Certification Requirements - Out-of-Network

For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient;
- for a Partial Hospitalization for the treatment of Mental Health or Substance Abuse;
- for Mental Health or Substance Abuse Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 72 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will be reduced by 50% for Hospital charges made for each separate admission to the Hospital:

- unless PAC is received: (a) prior to the date of admission; or (b) in the case of an emergency admission, within 72 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

GM6000 PAC1 V33 M

PAC and CSR are performed through a utilization review program by a Review Organization with which CG has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

GM6000 PAC2 V9

Outpatient Certification Requirements - Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or procedures. Outpatient Certification is performed through a utilization review program by a Review Organization with which CG has contracted. Outpatient Certification should only be requested for nonemergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

Covered Expenses incurred will be reduced by 50% for charges made for any outpatient diagnostic testing or procedure performed unless Outpatient Certification is received prior to the date the testing or procedure is performed.

Covered Expenses incurred will not include expenses incurred for charges made for outpatient diagnostic testing or procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Diagnostic Testing and Outpatient Procedures

Including, but not limited to:

  - the orthognathic surgery is Medically Necessary as a result of tumor, trauma, disease or;
  - the orthognathic surgery is performed prior to age 19 and is required as a result of severe congenital facial deformity or congenital condition.

Repeat or subsequent orthognathic surgeries for the same condition are covered only when the previous orthognathic surgery met the above requirements, and there is a high probability of significant additional improvement as determined by the utilization review Physician.

GM6000 06BNR10

- Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

GM6000 06BNR7

Clinical Trials

- charges made for routine patient services associated with cancer clinical trials approved and sponsored by the federal government. In addition the following criteria must be met:
  - the cancer clinical trial is listed on the NIH web site www.clinicaltrials.gov as being sponsored by the federal government;
  - the trial investigates a treatment for terminal cancer and: (1) the person has failed standard therapies for the disease; (2) cannot tolerate standard therapies for the disease; or (3) no effective nonexperimental treatment for the disease exists;
  - the person meets all inclusion criteria for the clinical trial and is not treated "off-protocol";
  - the trial is approved by the Institutional Review Board of the institution administering the treatment; and
  - coverage will not be extended to clinical trials conducted at nonparticipating facilities if a person is eligible to participate in a covered clinical trial from a Participating Provider.

Routine patient services do not include, and reimbursement will not be provided for:

- the investigational service or supply itself;
- services or supplies listed herein as Exclusions;
- services or supplies related to data collection for the clinical trial (i.e., protocol-induced costs);
- services or supplies which, in the absence of private health care coverage, are provided by a clinical trial sponsor or other party (e.g., device, drug, item or service supplied by manufacturer and not yet FDA approved) without charge to the trial participant.

Genetic Testing

- charges made for genetic testing that uses a proven testing method for the identification of genetically-linked inheritable disease. Genetic testing is covered only if:
  - a person has symptoms or signs of a genetically-linked inheritable disease;
  - it has been determined that a person is at risk for carrier status as supported by existing peer-reviewed, evidence-based, scientific literature for the development of a genetically-linked inheritable disease when the results will impact clinical outcome; or

  - the therapeutic purpose is to identify specific genetic mutation that has been demonstrated in the existing peer-reviewed, evidence-based, scientific literature to directly impact treatment options.

Pre-implantation genetic testing, genetic diagnosis prior to embryo transfer, is covered when either parent has an inherited disease or is a documented carrier of a genetically-linked inheritable disease.

Genetic counseling is covered if a person is undergoing approved genetic testing, or if a person has an inherited disease and is a potential candidate for genetic testing. Genetic counseling is limited to 3 visits per calendar year for both pre- and postgenetic testing.

Nutritional Evaluation

- charges made for nutritional evaluation and counseling when diet is a part of the medical management of a documented organic disease.

Internal Prosthetic/Medical Appliances

- charges made for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for nonfunctional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

Home Health Services

- charges made for Home Health Services when you: (a) require skilled care; (b) are unable to obtain the required care as an ambulatory outpatient; and (c) do not require confinement in a Hospital or Other Health Care Facility.

  Home Health Services are provided only if CG has determined that the home is a medically appropriate setting. If you are a minor or an adult who is dependent upon others for nonskilled care and/or custodial services (e.g., bathing, eating, toileting), Home Health Services will be provided for you only during times when there is a family member or care giver present in the home to meet your nonskilled care and/or custodial services needs.

  Home Health Services are those skilled health care services that can be provided during visits by Other Health Care Professionals. The services of a home health aide are covered when rendered in direct support of skilled health care services provided by Other Health Care Professionals. A visit is defined as a period of 2 hours or less. Home Health Services are subject to a maximum of 16 hours in total per day. Necessary consumable medical supplies and home infusion therapy administered or used by Other Health Care Professionals in providing Home Health Services are covered. Home Health Services do not include services by a person who is a member of your family or

your Dependent's family or who normally resides in your house or your Dependent's house even if that person is an Other Health Care Professional. Skilled nursing services or private duty nursing services provided in the home are subject to the Home Health Services benefit terms, conditions and benefit limitations. Physical, occupational, and other Short-Term Rehabilitative Therapy services provided in the home are not subject to the Home Health Services benefit limitations in the Schedule, but are subject to the benefit limitations described under Short-term Rehabilitative Therapy Maximum shown in The Schedule.

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by CG for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person's misuse are the person's responsibility. Coverage for Durable Medical Equipment is limited to the lowest-cost alternative as determined by the utilization review Physician.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, respirators, wheel chairs, and dialysis machines.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Chairs, Lifts and Standing Devices:** computerized or gyroscopic mobility systems, roll about chairs, geriatric chairs, hip chairs, seat lifts (mechanical or motorized), patient lifts (mechanical or motorized – manual hydraulic lifts are covered if patient is two-person transfer), and auto tilt chairs.
- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications**.
- **Air Quality Items:** room humidifiers, vaporizers, air purifiers and electrostatic machines.
- **Blood/Injection Related Items:** blood pressure cuffs, centrifuges, nova pens and needleless injectors.
- **Other Equipment:** heat lamps, heating pads, cryounits, cryotherapy machines, electronic-controlled therapy units, ultraviolet cabinets, sheepskin pads and boots, postural drainage board, AC/DC adaptors, enuresis alarms, magnetic equipment, scales (baby and adult), stair gliders, elevators, saunas, any exercise equipment and diathermy machines.

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect. Coverage for External Prosthetic Appliances is limited to the most appropriate and cost effective alternative as determined by the utilization review Physician.

External prosthetic appliances and devices shall include prostheses/prosthetic appliances and devices, orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- basic limb prostheses;
- terminal devices such as hands or hooks; and
- speech prostheses.

Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Nonfoot orthoses – only the following nonfoot orthoses are covered:
  - rigid and semirigid custom fabricated orthoses,
  - semirigid prefabricated and flexible orthoses; and
  - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
- Custom foot orthoses – custom foot orthoses are only covered as follows:
  - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and
  - for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

GM6000 06BNR5

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- orthoses primarily used for cosmetic rather than functional reasons; and
- orthoses primarily for improved athletic performance or sports participation.

Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- Replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- Replacement will be provided when anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- Coverage for replacement is limited as follows:
  - No more than once every 24 months for persons 19 years of age and older and
  - No more than once every 12 months for persons 18 years of age and under.
  - Replacement due to a surgical alteration or revision of the site.

The following are specifically excluded external prosthetic appliances and devices:

- External and internal power enhancements or power controls for prosthetic limbs and terminal devices; and
- Myoelectric prostheses peripheral nerve stimulators.

GM6000 05BPT5

Infertility Services

- charges made for services related to diagnosis of infertility and treatment of infertility once a condition of infertility has been diagnosed. Services include, but are not limited to: infertility drugs which are administered or provided by a Physician, approved surgeries and other therapeutic procedures that have been demonstrated in existing peer-reviewed, evidence-based, scientific literature to have a reasonable likelihood of resulting in pregnancy; laboratory

tests; sperm washing or preparation; artificial insemination; diagnostic evaluations; gamete intrafallopian transfer (GIFT); in vitro fertilization (IVF); zygote intrafallopian transfer (ZIFT); and the services of an embryologist.

Infertility is defined as the inability of opposite sex partners to achieve conception after one year of unprotected intercourse; or the inability of a woman to achieve conception after six trials of artificial insemination over a one-year period. This benefit includes diagnosis and treatment of both male and female infertility.

However, the following are specifically excluded infertility services:

- reversal of male and female voluntary sterilization;
- infertility services when the infertility is caused by or related to voluntary sterilization;
- donor charges and services;
- cryopreservation of donor sperm and eggs; and
- any experimental, investigational or unproven infertility procedures or therapies.

Short-Term Rehabilitative Therapy and Chiropractic Care Services

- charges made for Short-term Rehabilitative Therapy that is part of a rehabilitative program, including physical, speech, occupational, cognitive, osteopathic manipulative and pulmonary rehabilitation therapy, when provided in the most medically appropriate setting. Also included are services that are provided by a chiropractic Physician when provided in an outpatient setting. Services of a chiropractic Physician include the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment that is rendered to restore motion, reduce pain and improve function.

The following limitation applies to Short-term Rehabilitative Therapy and Chiropractic Care Services:

- Occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Injury or Sickness.

Short-term Rehabilitative Therapy and Chiropractic Care Services that are not covered include but are not limited to:

- sensory integration therapy, group therapy; treatment of dyslexia; behavior modification or myofunctional therapy for dysfluency, such as stuttering or other involuntarily acted conditions without evidence of an underlying medical condition or neurological disorder;
- treatment for functional articulation disorder such as correction of tongue thrust, lisp, verbal apraxia or swallowing dysfunction that is not based on an underlying diagnosed medical condition or Injury;
- maintenance or preventive treatment consisting of routine, long-term or non-Medically Necessary care provided to prevent recurrences or to maintain the patient's current status;

GM6000 07BNR1

The following are specifically excluded from Chiropractic Care Services:

- services of a chiropractor which are not within his scope of practice, as defined by state law;
- charges for care not provided in an office setting;
- vitamin therapy.

A separate Copayment will apply to the services provided by each provider.

GM6000 07BNR2

Transplant Services

- charges made for human organ and tissue Transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral.

All Transplant services, other than cornea, are covered at 100% when received at CIGNA LIFESOURCE Transplant Network® facilities. Cornea transplants are not covered at CIGNA LIFESOURCE Transplant Network® facilities. Transplant services, including cornea, received at participating facilities specifically contracted with CIGNA for those Transplant services, other than CIGNA LIFESOURCE Transplant Network® facilities, are payable at the In-Network level. Transplant services received at any other facilities, including Non-Participating Providers and Participating Providers not specifically contracted with CIGNA for Transplant services, are covered at the Out-of-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of surgery necessary for organ removal, organ transportation and the transportation, hospitalization and surgery of a live donor. Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Transplant Travel Services

Charges made for reasonable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations. Transplant travel benefits are not available for cornea transplants. Benefits for transportation, lodging and food are available to you only if you are the recipient of a preapproved organ/tissue transplant from a designated CIGNA LIFESOURCE Transplant Network® facility. The term recipient is defined to include a person receiving authorized transplant related services during any of the following: (a) evaluation, (b) candidacy, (c) transplant event, or (d) post-transplant care. Travel expenses for the person receiving the transplant will include charges for: transportation to and from the transplant site (including charges for a rental car used during a period of care at the transplant facility); lodging while at, or traveling to and from the transplant site; and food while at, or traveling to and from the transplant site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver. The following are specifically excluded travel expenses:

travel costs incurred due to travel within 60 miles of your home; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits are only available when the covered person is the recipient of an organ transplant. No benefits are available when the covered person is a donor.

GM6000 05BPT7 V11

Breast Reconstruction and Breast Prostheses

- charges made for reconstructive surgery following a mastectomy; benefits include: (a) surgical services for reconstruction of the breast on which surgery was performed; (b) surgical services for reconstruction of the nondiseased breast to produce symmetrical appearance; (c) postoperative breast prostheses; and (d) mastectomy bras and external prosthetics, limited to the lowest cost alternative available that meets external prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

Reconstructive Surgery

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: (a) the surgery or therapy restores or improves function; (b) reconstruction is required as a result of Medically Necessary, noncosmetic surgery; or (c) the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

GM6000 05BPT2 V2

Medical Conversion Privilege

Any Employee or Dependent whose Medical Insurance ceases for a reason other than failure to pay any required contribution or cancellation of the policy may be eligible for coverage under another Individual Medical and/or Group Medical Insurance Conversion Trust Policy underwritten by CG and as mandated by his residence state; provided that: (a) he applies in writing and pays the first premium to CG within 31 days after his insurance ceases; (b) he is not considered to be Overinsured; and (c) he is not eligible for Medicare provided that this limitation is allowed by his residential state jurisdiction.

During the first 12 months that the Converted Policy is in effect, the amount payable under it will be reduced so that the total amount payable under the Converted Policy and the Medical Benefits Extension of this plan will not be more than the amount that would have been payable under this plan if the person's insurance had not ceased. After that, the amount payable under the Converted Policy will be reduced by any amount still payable under the Medical Benefits Extension of this plan.

CG or the Policyholder, as the case may be, will give the Employee, on request, further details of the Converted Policy.

Prescription Drug Benefits

The Schedule

For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drugs and Related Supplies provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for Prescription Drugs and Related Supplies for each 30-day supply at a retail pharmacy or each 90-day supply at a mail order pharmacy. That portion includes any applicable Copayment, Deductible and/or Coinsurance.

Coinsurance

The term Coinsurance means the percentage of Charges for covered Prescription Drugs and Related Supplies that you or your Dependent are required to pay under this plan.

Charges

The term Charges means the amount charged by CG to the plan when the Pharmacy is a Participating Pharmacy, and it means the actual billed charges when the Pharmacy is a non-Participating Pharmacy.

Copayments

Copayments are expenses to be paid by you or your Dependent for covered Prescription Drugs and Related Supplies. Copayments are in addition to any Coinsurance.

Prescription Drug Benefits

For You and Your Dependents

Covered Expenses

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy, for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, CG will provide coverage for those expenses as shown in the Schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent is issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by CG, as if filled by a Participating Pharmacy.

Limitations

Each Prescription Order or refill shall be limited as follows:

- up to a consecutive 30-day supply, at a retail Pharmacy, unless limited by the drug manufacturer's packaging: or
- up to a consecutive 90-day supply at a mail-order Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
- to a dosage and/or dispensing limit as determined by the P&T Committee.

GM6000 PHARM91
GM6000 PHARM85 PHARM114

Coverage for certain Prescription Drugs and Related Supplies requires your Physician to obtain authorization prior to prescribing. If your Physician wishes to request coverage for Prescription Drugs or Related Supplies for which prior authorization is required, your Physician may call or complete the appropriate prior authorization form and fax it to CG to request prior authorization for coverage of the Prescription Drugs or Related Supplies. Your Physician should make this request before writing the prescription.

If the request is approved, your Physician will receive confirmation. The authorization will be processed in our claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the authorization will depend on the diagnosis and Prescription Drugs or Related Supplies. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, your Physician and you will be notified that coverage for the Prescription Drugs or Related Supplies is not authorized.

If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered.

If you have questions about a specific prior authorization request, you should call Member Services at the toll-free number on the ID card.

All drugs newly approved by the Food and Drug Administration (FDA) are designated as either non-Preferred or non-Prescription Drug List drugs until the P & T Committee clinically evaluates the Prescription Drug for a different designation.

Prescription Drugs that represent an advance over available therapy according to the FDA will be reviewed by the P&T Committee within six months after FDA approval. Prescription Drugs that appear to have therapeutic qualities similar to those of an already marketed drug according to the FDA, will not be reviewed by the P&T Committee for at least six months after FDA approval. In the case of compelling clinical data, an ad hoc group will be formed to make an interim decision on the merits of a Prescription Drug.

Your Payments

Coverage for Prescription Drugs and Related Supplies purchased at a Pharmacy is subject to the Copayment or Coinsurance shown in the Schedule, after you have satisfied your Prescription Drug Deductible, if applicable. Please refer to the Schedule for any required Copayments, Coinsurance, Deductibles or Maximums if applicable.

When a treatment regimen contains more than one type of Prescription Drugs which are packaged together for your, or your Dependent's convenience, a Copayment will apply to each Prescription Drug.

- for or in connection with treatment of the teeth or periodontium unless such expenses are incurred for: (a) charges made for a continuous course of dental treatment started within six months of an Injury to sound natural teeth; (b) charges made by a Hospital for Bed and Board or Necessary Services and Supplies; (c) charges made by a Free-Standing Surgical Facility or the outpatient department of a Hospital in connection with surgery.
- for medical and surgical services, initial and repeat, intended for the treatment or control of obesity including clinically severe (morbid) obesity, including: medical and surgical services to alter appearance or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
- transsexual surgery including medical or psychological counseling and hormonal therapy in preparation for, or subsequent to, any such surgery.
- any services or supplies for the treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction (including penile implants), anorgasmy, and premature ejaculation.
- medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- nonmedical counseling or ancillary services, including but not limited to Custodial Services, education, training, vocational rehabilitation, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, employment counseling, back school, return to work services, work hardening programs, driving safety, and services, training, educational therapy or other nonmedical ancillary services for learning disabilities, developmental delays, autism or mental retardation.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the **Home Health Services** provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids including, but not limited to, corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- aids or devices that assist with nonverbal communications, including but not limited to communication boards, prerecorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- medical benefits for eyeglasses, contact lenses or examinations for prescription or fitting thereof, except that Covered Expenses will include the purchase of the first pair of eyeglasses, lenses, frames or contact lenses that follows keratoconus or cataract surgery.

- charges made for or in connection with eye exercises and for surgical treatment for the correction of a refractive error, including radial keratotomy, when eyeglasses or contact lenses may be worn.
- treatment by acupuncture.
- all noninjectable prescription drugs, injectable prescription drugs that do not require Physician supervision and are typically considered self-administered drugs, nonprescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses or trimming of nails. However, services associated with foot care for diabetes and peripheral vascular disease are covered when Medically Necessary.
- membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.
- fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- cosmetics, dietary supplements and health and beauty aids.
- nutritional supplements and formulae except for infant formula needed for the treatment of inborn errors of metabolism.
- medical treatment for a person age 65 or older, who is covered under this plan as a retiree, or their Dependent, when payment is denied by the Medicare plan because treatment was received from a nonparticipating provider.
- medical treatment when payment is denied by a Primary Plan because treatment was received from a nonparticipating provider.
- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- telephone, e-mail, facsimile, and Internet consultations.
- massage therapy.
- for charges which would not have been made if the person had no insurance.
- to the extent that they are more than Maximum Reimbursable Charges.
- expenses incurred outside the United States or Canada, unless you or your Dependent is a U.S. or Canadian resident and the charges are incurred while traveling on business or for pleasure.
- charges made by any covered provider who is a member of your family or your Dependent's family.
- to the extent of the exclusions imposed by any certification requirement shown in this plan.

Pre-existing Condition Limitations

No payment will be made for Covered Expenses for or in connection with an Injury or a Sickness which is a Pre-existing Condition, unless those expenses are incurred after a continuous 1-year period during which a person is satisfying a waiting period and/or is insured for these benefits.

Pre-existing Condition

A Pre-existing Condition is an Injury or a Sickness for which a person receives treatment, incurs expenses or receives a diagnosis from a Physician during the 90 days prior to the date that person becomes insured for these benefits.

Exceptions to Pre-existing Condition Limitation

Pregnancy, and genetic information with no related treatment, will not be considered Pre-existing Conditions.

A newborn child, an adopted child, or a child placed for adoption before age 18 will not be subject to any Pre-existing Condition limitation if such child was covered within 31 days of birth, adoption or placement for adoption. Such waiver will not apply if 63 days elapse between coverage during a prior period of Creditable Coverage and coverage under this plan.

Credit for Coverage Under Prior Plan

If a person was previously covered under a plan which qualifies as Creditable Coverage, the following will apply, provided he notifies the Employer of such prior coverage, and fewer than 63 days elapse between coverage under the prior plan and coverage under this plan, exclusive of any waiting period.

CG will reduce any Pre-existing Condition limitation period under this policy by the number of days of prior Creditable Coverage you had under a creditable health plan or policy.

GM6000 CM10 INDEM82 V10

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical or vision care or treatment:

(1) Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.

(2) Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.

(3) Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

GM6000 COB11

Allowable Expense

A necessary, reasonable and customary service or expense, including deductibles, coinsurance or copayments, that is covered in full or in part by any Plan covering you. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

(1) An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.

(2) If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.

(3) If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.

(4) If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.

(5) If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

GM6000 COB12

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

(1) The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;

(2) If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;

(3) If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:

   (a) first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;

   (b) then, the Plan of the parent with custody of the child;

   (c) then, the Plan of the spouse of the parent with custody of the child;

   (d) then, the Plan of the parent not having custody of the child, and

   (e) finally, the Plan of the spouse of the parent not having custody of the child.

GM6000 COB13

(4) The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

(5) The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

(6) If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. CG will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

GM6000 COB14

As each claim is submitted, CG will determine the following:

(1) CG's obligation to provide services and supplies under this policy;

(2) whether a benefit reserve has been recorded for you; and

(3) whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, CG will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If CG pays charges for benefits that should have been paid by the Primary Plan, or if CG pays charges in excess of those for which we are obligated to provide under the Policy, CG will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

CG will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such

instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

CG, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

GM6000 COB15

Medicare Eligibles

CG will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

(a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;

(b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;

(c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;

(d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;

(e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;

(f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

GM6000 MEL23 V4

CG will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Domestic Partners

Under federal law, the Medicare Secondary Payer Rules do not apply to Domestic Partners covered under a group health plan. Therefore, Medicare is always the Primary Plan for a person covered as a Domestic Partner, and CIGNA is the Secondary Plan.

GM6000 MEL45 V3

Expenses For Which A Third Party May Be Liable

This policy does not cover expenses for which another party may be responsible as a result of having caused or contributed to the Injury or Sickness.

If you incur a Covered Expense for which, in the opinion of CG, another party may be liable, CG will pay the benefits otherwise payable under the Policy. However, CG has a right to attempt recovery of the amount of damages if:

a. the amount of recovery exceeds the sum of all economic and noneconomic losses incurred as a result of the Injury; or

b. the amount of the reimbursement claim is reduced by the pro rata amount of the attorney's fees and expenses of litigation incurred by the injured party in bringing the claim;

at the time that the third party's liability is determined and satisfied, whether by settlement, judgment, arbitration or award or otherwise.

GM6000 CCP7

CCL7V71

Payment of Benefits

To Whom Payable

All Medical Benefits are payable to you. However, at the option of CG, all or any part of them may be paid directly to the person or institution on whose charge claim is based.

Medical Benefits are not assignable unless agreed to by CG. CG may, at its option, make payment to you for the cost of any Covered Expenses received by you or your Dependent from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to you or your Dependent, you or your Dependent is responsible for reimbursing the Provider. If any person to whom benefits are payable is a minor or, in the opinion of CG, is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, CG may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

If you die while any of these benefits remain unpaid, CG may choose to make direct payment to any of your following living relatives: spouse, mother, father, child or children, brothers or sisters; or to the executors or administrators of your estate.

Payment as described above will release CG from all liability to the extent of any payment made.

Time of Payment

Benefits will be paid by CG when it receives due proof of loss.

Recovery of Overpayment

When an overpayment has been made by CG, CG will have the right at any time to: (a) recover that overpayment from the person to whom or on whose behalf it was made; or (b) offset the amount of that overpayment from a future claim payment.

Calculation of Covered Expenses

CG, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

GM6000 TRM366

Termination of Insurance

Employees

Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is canceled.
- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence

If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date

your Employer: (a) stops paying premium for you; or (b) otherwise cancels your insurance. However, your insurance will not be continued for more than 60 days past the date your Active Service ends.

Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer stops paying premium for you or otherwise cancels the insurance.

GM6000 TRM23V3

For Dependents

If your insurance is being continued as described above, the insurance for any one of your Dependents insured on the date your insurance would otherwise cease may be continued, subject to the above provisions, until the date your insurance ceases, or with respect to any one Dependent, the date that Dependent ceases to qualify as a Dependent, whichever comes first.

Conversion Available Following Continuation

The provisions of the section entitled "Medical Conversion Privilege" will apply when the insurance ceases.

GM6000 TER8

Dependents

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is canceled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

GM6000 TRM62

Special Continuation of Medical Insurance

If your insurance is terminated for any reason other than failure to make any required contributions, cancellation of coverage for the class in which you belong, or termination of employment for cause, and if you have been insured for at least 6 consecutive months, you may continue the insurance by paying the required premium to the Policyholder. In no event will the insurance be continued beyond the earliest of the following dates:

- the expiration of three months from the date the insurance would otherwise terminate;
- the last day for which you have paid the required contribution;
- the date you become eligible for similar group coverage;
- the date the group policy terminates or is terminated with respect to the class of employees to which you belong.

Special Continuation for Employees Age 60 or Older

If you are age 60 or older and your medical insurance is terminated for any reason other than failure to make any required contributions, or cancellation of coverage for the class in which you belong, or terminated for reasons which would cause forfeiture of unemployment compensation, or voluntary termination other than for health reasons, and if you have been insured for at least 6 consecutive months, you may continue the insurance by paying the required premium to the Policyholder.

In no event will the insurance be continued beyond the earliest date below:

- the last day of the period for which the required contribution has been paid;
- the date that you become covered under another group plan;
- the date the group policy is canceled;
- the date you become eligible for Medicare.

Special Continuation Upon Divorce or Death of Employee For Spouse Age 60 or Older and Children

If your Dependent spouse's and children's insurance would otherwise cease because of your death, or because of your divorce or legal separation, and if, at the time of your death, divorce or legal separation your Dependent spouse is 60 years of age or older, your surviving or former spouse may continue Dependent Medical Benefits for himself and any Dependent children subject to the provisions set forth above.

In no event will the insurance be continued beyond the earliest of: the date that your surviving or former spouse becomes covered under another group plan or eligible for Medicare; for any one Dependent, the date that Dependent ceases to qualify as a Dependent; or the date the group policy is canceled.

Notification of Special Continuation

Your Employer will notify you and your Dependents in writing of his right to elect the continuation. Your spouse may elect the continuation by: (a) applying in writing; and (b) sending the required contribution to the Employer within 31 days after the date of mailing of the notice by the Employer.

Conversion Available Following Continuation

The terms of the "Medical Conversion Privilege" section will apply after the person's insurance ceases.

GM6000 TER 5 TRM131V8

Medical Benefits Extension

Upon Policy Cancellation

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury or Sickness, Medical Benefits will be paid for Covered Expenses. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date you are no longer Totally Disabled;
- 12 months from the date your Medical Benefits cease; or
- 12 months from the date the policy is canceled.

Totally Disabled

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

Notice of Provider Directory/Networks

Notice Regarding Provider/Pharmacy Directories and Provider/Pharmacy Networks

If your Plan uses a network of Providers/Pharmacies, you will automatically and without charge, receive a separate listing of Participating Providers/Pharmacies.

You may also have access to determine which providers participate in the network by visiting www.cigna.com, mycigna.com or by calling the toll-free telephone number on your ID card.

Your Participating Provider/Pharmacy networks consist of a group of local medical practitioners, and Hospitals, of varied specialties as well as general practice or a group of local Pharmacies who are employed by or contracted with CIGNA HealthCare.

Qualified Medical Child Support Order (QMCSO)

A. Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child and yourself, if you are not already enrolled, within 31 days of the QMCSO being issued.

B. Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

1. the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;

2. the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
3. the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
4. the order states the period to which it applies; and
5. if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

C. Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

FDRL2 V1

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage. Dependent children who were already Dependents of the Employee but not currently enrolled in the Plan are not entitled to special enrollment.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of employer contributions (excluding continuation coverage).** If a current or former employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you

and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: (a) due to failure of the employer or other responsible entity to remit premiums on a timely basis; (b) when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or (c) when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

FDRL3 V4

- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective on the first day of the calendar month following receipt of the request for special enrollment.

Individuals who enroll in the Plan due to a special enrollment event will not be considered Late Entrants. Any Pre-existing Condition limitation will be applied upon enrollment, reduced by prior Creditable Coverage, but will not be extended as for a Late Entrant.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

FDRL4 V3

Coverage of Students on Medically Necessary Leave of Absence

If your Dependent child is covered by this plan as a student, as defined in the Definition of Dependent, coverage will remain active for that child if the child is on a medically necessary leave of absence from a postsecondary educational institution (such as a college, university or trade school.)

Coverage will terminate on the earlier of:

a) The date that is one year after the first day of the medically necessary leave of absence; or

b) The date on which coverage would otherwise terminate under the terms of the plan.

The child must be a Dependent under the terms of the plan and must have been enrolled in the plan on the basis of being a student at a postsecondary educational institution immediately before the first day of the medically necessary leave of absence.

The plan must receive written certification from the treating physician that the child is suffering from a serious illness or injury and that the leave of absence (or other change in enrollment) is medically necessary.

A "medically necessary leave of absence" is a leave of absence from a postsecondary educational institution, or any other change in enrollment of the child at the institution that: (1) starts while the child is suffering from a serious illness or condition; (2) is medically necessary; and (3) causes the child to lose student status under the terms of the plan.

FDRL76

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage Elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if your Employer agrees and you enroll for or change coverage within 30 days of the following:

- the date you meet the Special Enrollment criteria described above; or
- the date you meet the criteria shown in the following Sections B through F.

B. Change of Status

A change in status is defined as:

1. change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
2. change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
3. change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
4. changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
5. change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
6. changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court Order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid Eligibility/Entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in Cost of Coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in Coverage of Spouse or Dependent Under Another Employer's Plan

You may make a coverage election change if the plan of your spouse or Dependent: (a) incurs a change such as adding or deleting a benefit option; (b) allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or (c) this Plan and the other plan have different periods of coverage or open enrollment periods.

Eligibility for Coverage for Adopted Children

Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

FDRL6

Federal Tax Implications for Dependent Coverage

Premium payments for Dependent health insurance are usually exempt from federal income tax. Generally, if you can claim an individual as a Dependent for purposes of federal income tax, then the premium for that Dependent's health insurance coverage will not be taxable to you as income. However, in the rare instance that you cover an individual under your health insurance who does not meet the federal definition of a Dependent, the premium may be taxable to you as income. If you have questions concerning your specific situation, you should consult your own tax consultant or attorney.

FDRL7

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

Women's Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

FDRL75

Pre-Existing Conditions Under the Health Insurance Portability & Accountability Act (HIPAA)

A federal law known as the Health Insurance Portability & Accountability Act (HIPAA) establishes requirements for Pre-existing Condition limitation provisions in health plans. Following is an explanation of the requirements and limitations under this law.

A. Pre-Existing Condition Limitation

Under HIPAA, a Pre-existing Condition limitation is a limitation or exclusion of benefits relating to a condition based on the fact that the condition was present before the effective date of coverage under the plan, whether or not any medical advice, diagnosis, care, or treatment was recommended or received before that date. A Pre-existing Condition limitation is permitted under group health plans, provided it is applied only to a physical or mental condition for which medical advice, diagnosis, care, or treatment was recommended or received within the 6-month period (or a shorter period as applies under the plan) ending on the enrollment date. Plan provisions may vary. Please refer to the section entitled "Exclusions, Expenses Not Covered and General Limitations" for the specific Pre-existing Condition limitation provision which applies under this Plan, if any.

B. Exceptions to Pre-existing Condition Limitation

Pregnancy, and genetic information with no related treatment, will not be considered Pre-existing Conditions.

A newborn child, an adopted child, or a child placed for adoption before age 18 will not be subject to any Pre-existing Condition limitation if such child was covered under any creditable coverage within 30 days of birth, adoption or placement for adoption. Such waiver will not apply if 63 days or more elapse between coverage under the prior creditable coverage and coverage under this Plan.

C. Credit for Coverage Under Prior Plan

If you and/or your Dependent(s) were previously covered under a plan which qualifies as Creditable Coverage, CG will reduce any Pre-existing Condition limitation period under this policy by the number of days of prior Creditable Coverage you had under the prior plan(s). However, credit is available only if you notify the Employer of such prior coverage, and fewer than 63 days elapse between coverage under the prior plan and coverage under this Plan, exclusive of any waiting period. Credit will be given for coverage under all prior Creditable Coverage, provided fewer than 63 days elapsed between coverage under any two plans.

If you and/or your Dependent enrolled or re-enrolled in COBRA continuation coverage or state continuation coverage under the extended election period allowed in the American Recovery and Reinvestment Act of 2009 ("ARRA"), this lapse

in coverage will be disregarded for the purposes of determining Creditable Coverage.

D. Certificate of Prior Creditable Coverage

You must provide proof of your prior Creditable Coverage in order to reduce a Pre-Existing Condition limitation period. You should submit proof of prior coverage with your enrollment material. A certificate of prior Creditable Coverage, or other proofs of coverage which need to be submitted outside the standard enrollment form process for any reason, may be sent directly to: Eligibility Production Services, 900 Cottage Grove Road, Routing C2ECC, Hartford, CT 06152. You should contact the Plan Administrator or a CIGNA Customer Service Representative if assistance is needed to obtain proof of prior Creditable Coverage. Once your prior coverage records are reviewed and credit is calculated, you will receive a notice of any remaining Pre-existing Condition limitation period.

E. Creditable Coverage

Creditable Coverage will include coverage under any of the following: A self-insured employer group health plan; Individual or group health insurance indemnity or HMO plans; Part A or Part B of Medicare; Medicaid, except coverage solely for pediatric vaccines; A health plan for certain members of the uniformed armed services and their dependents, including the Commissioned Corps of the National Oceanic and Atmospheric Administration and of the Public Health Service; A medical care program of the Indian Health Service or of a tribal organization; A state health benefits risk pool; The Federal Employees Health Benefits Program; A public health plan established by a State, the U.S. government, or a foreign country; the Peace Corps Act; Or a State Children's Health Insurance Program.

F. Obtaining a Certificate of Creditable Coverage Under This Plan

Upon loss of coverage under this Plan, a Certificate of Creditable Coverage will be mailed to each terminating individual at the last address on file. You or your dependent may also request a Certificate of Creditable Coverage, without charge, at any time while enrolled in the Plan and for 24 months following termination of coverage. You may need this document as evidence of your prior coverage to reduce any pre-existing condition limitation period under another plan, to help you get special enrollment in another plan, or to obtain certain types of individual health coverage even if you have health problems. To obtain a Certificate of Creditable Coverage, contact the Plan Administrator or call the toll-free customer service number on the back of your ID card.

FDRL73

Requirements of Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: (a) continuation of insurance during a leave of absence; and (b) reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

A. Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

B. Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period or the requirements of any Pre-existing Condition limitation to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

FDRL74

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents.

A. Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Following continuation of health coverage per USERRA requirements, you may convert to a plan of individual coverage according to any “Conversion Privilege” shown in your certificate.

B. Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA or an available conversion plan at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if (a) you gave your Employer advance written or verbal notice of your military service leave, and (b) the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a Pre-Existing Condition Limitation (PCL) or waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

Any 63-day break in coverage rule regarding credit for time accrued toward a PCL waiting period will be waived.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

FDRL58

Claim Determination Procedures Under ERISA

The following complies with federal law effective July 1, 2002. Provisions of the laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. This prior authorization is called a "preservice medical necessity determination." The Certificate describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care provider) must request Medical Necessity determinations according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents, and in the determination notices.

Preservice Medical Necessity Determinations

When you or your representative request a required Medical Necessity determination prior to care, CG will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond CG's control, CG will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to CG within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would (a) seriously jeopardize your life or health, your ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, CG will make the preservice determination on an expedited basis. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. CG will notify you or your representative of an expedited determination within 72 hours after receiving the request.

FDRL65

However, if necessary information is missing from the request, CG will notify you or your representative within 24 hours after receiving the request to specify what information is

needed. You or your representative must provide the specified information to CG within 48 hours after receiving the notice. CG will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow CG's procedures for requesting a required preservice medical necessity determination, CG will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Medical Necessity Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, CG will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Medical Necessity Determinations

When you or your representative requests a Medical Necessity determination after services have been rendered, CG will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond CG's control CG will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to CG within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

FDRL42

Postservice Claim Determinations

When you or your representative requests payment for services which have been rendered, CG will notify you of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond CG's control, CG will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provisions on which the determination is based; (3) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (4) a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and (6) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

FDRL36

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan’s coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct, or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a "qualified beneficiary" (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, same sex spouses, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled "Secondary Qualifying Events" and "Medicare Extension For Your Dependents" are not applicable to these individuals.

FDRL67

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

1. SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
2. A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for "Termination of COBRA Continuation" listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

FDRL21

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with CIGNA;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: (a) the end of the applicable maximum period; (b) the date the pre-existing condition provision is no longer applicable; or (c) the occurrence of an event described in one of the first three bullets above; or
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer's service area. If the Employer offers another benefit option through CIGNA or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

FDRL22 V1

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  (a) if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  (b) if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  (c) in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

FDRL23

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The

premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member. For example:

If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

FDRL24 V2

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation;
- Your child ceases to qualify as a Dependent under the Plan; or
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your

COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

FDRL25 V1

Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired Employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TDD/TYY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact/2002act_index.asp.

In addition, if you initially declined COBRA continuation coverage and, within 60 days after your loss of coverage under the Plan, you are deemed eligible by the U.S. Department of Labor or a state labor agency for trade adjustment assistance (TAA) benefits and the tax credit, you may be eligible for a special 60 day COBRA election period. The special election period begins on the first day of the month that you become TAA-eligible. If you elect COBRA coverage during this special election period, COBRA coverage will be effective on the first day of the special election period and will continue for 18 months, unless you experience one of the events discussed under "Termination of COBRA Continuation" above. Coverage will not be retroactive to the initial loss of coverage. If you receive a determination that you are TAA-eligible, you must notify the Plan Administrator immediately.

Conversion Available Following Continuation

If your or your Dependents' COBRA continuation ends due to the expiration of the maximum 18-, 29- or 36-month period, whichever applies, you and/or your Dependents may be entitled to convert to the coverage in accordance with the Medical Conversion benefit then available to Employees and the Dependents. Please refer to the section titled "Conversion Privilege" for more information.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

Collective Bargaining Agreements

You may contact the Plan Administrator to determine whether the Plan is maintained pursuant to one or more collective bargaining agreements and if a particular Employer is a sponsor. A copy is available for examination from the Plan Administrator upon written request.

FDRL27 M

Discretionary Authority

The Plan Administrator delegates to CG the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to CG the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

Plan Modification, Amendment and Termination

The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. The procedure by which benefits may be changed or terminated, by which the eligibility of classes of employees may be changed or terminated, or by which part or all of the Plan may be terminated, is contained in the Employer's Plan Document, which is available for inspection and copying from the Plan Administrator designated by the Employer. No consent of any participant is required to terminate, modify, amend or change the Plan.

Termination of the Plan together with termination of the insurance policy(s) which funds the Plan benefits will have no adverse effect on any benefits to be paid under the policy(s) for any covered medical expenses incurred prior to the date that policy(s) terminates. Likewise, any extension of benefits under the policy(s) due to you or your Dependent's total disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. Rights to purchase limited amounts of life and medical insurance to replace part of the benefits lost because the policy(s) terminated may arise under the terms of the policy(s). A subsequent Plan termination will not affect the extension of benefits and rights under the policy(s).

Your coverage under the Plan's insurance policy(s) will end on the earliest of the following dates:

- the last day of the calendar month in which you leave Active Service;
- the date you are no longer in an eligible class;
- if the Plan is contributory, the date you cease to contribute;
- the date the policy(s) terminates.

See your Plan Administrator to determine if any extension of benefits or rights are available to you or your Dependents under this policy(s). No extension of benefits or rights will be available solely because the Plan terminates.

Statement of Rights

As a participant in the plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

FDRL28

Receive Information About Your Plan and Benefits

- examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure room of the Employee Benefits Security Administration.
- obtain, upon written request to the Plan Administrator, copies of documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each person under the Plan with a copy of this summary financial report.

Continue Group Health Plan Coverage

- continue health care coverage for yourself, your spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan on the rules governing your federal continuation coverage rights.
- reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect federal continuation coverage, when your federal continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people responsible for the operation of the employee benefit plan. The people who operate your plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

FDRL29

Enforce Your Rights

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court.

In addition, if you disagree with the plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

The Following Will Apply To Residents of Georgia

When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you," "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Member Services

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, or contractual benefits, you can call our toll-free number and explain your concern to one of our Customer Service representatives. You can also express that concern in writing. Please call or write to us at the following:

Customer Services Toll-Free Number or address that appears on your Benefit Identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

Appeals Procedure

CG has a two step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing within 365 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call or write to us at the toll-free number or address on your Benefit Identification card, explanation of benefits or claim form.

GM6000 APL320 V1

Level One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level-one appeals, we will respond in writing with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

GM6000 APL321

Level Two Appeal

If you are dissatisfied with our level one appeal decision, you may request a second review. To start a level two appeal, follow the same process required for a level one appeal.

Most requests for a second review will be conducted by the Appeals Committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the Committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will include at least one Physician reviewer in the same or similar specialty as the care under consideration, as determined by CG's Physician reviewer and will include one Physician other than CG's Physician reviewer. You may present your situation to the Committee in person or by conference call.

For level two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required preservice and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For postservice claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the Committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

GM6000 APL323 V1

Independent Review Procedure

If you are not fully satisfied with the decision of CG's level-two appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The request for independent review may be submitted only by an insured, the parent or guardian of an insured who is a minor, or a legal guardian or representative of an insured who

is incapacitated. The Independent Review Organization is composed of persons who are not employed by CIGNA HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. CG will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply: a. the cost of the service must be $500 or more; b. you must have exhausted the above Appeals procedures and remain dissatisfied; c. the reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by CG; or d. the proposed treatment is excluded as experimental, and (1) you have a terminal condition with a substantial probability of causing death within two years or impairing your ability to regain or maintain maximum function; (2) the standard treatments have been exhausted and the treating Physician certifies that there is no standard treatment available under this certificate more beneficial than the proposed treatment; (3) the treating Physician has certified in writing the treatment is likely to be more beneficial than any available standard treatment; and (4) the treating Physician has certified in writing that scientifically valid studies demonstrate that the proposed treatment is likely to be more beneficial to you than available standard treatment. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must complete the written request form and forward it to the Georgia state planning agency. The planning agency will select an independent review organization to review the issue and the Independent Review Organization will make a determination that is binding upon CG.

The Independent Review Organization will render an opinion within 15 working days following receipt of all necessary information. When requested and when a delay would be detrimental to your condition, as determined by the treating health care provider, the review shall be completed within 72 hours of receipt of all necessary information.

The Independent Review Program is a voluntary program arranged by CG.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: 1. the specific reason or reasons for the adverse determination; 2. reference to the specific plan provisions on which the determination is based; 3. a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; 4. a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a); 5. upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record, or other information which a. was relied upon in making the benefit determination; b. was submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; c. demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or d. constitutes a statement of policy or

guidance with respect to the plan concerning the denied treatment option or benefit or the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against CG in federal court until you have completed the Level-One and Level-Two Appeal processes. If your Appeal is expedited, there is no need to complete the Level-Two process prior to bringing legal action.

GM6000 APL327

Level Two Appeal

If you are dissatisfied with our level one appeal decision, you may request a second review. To start a level two appeal, follow the same process required for a level one appeal.

Most requests for a second review will be conducted by the Appeals Committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the Committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will consult with at least one Physician reviewer in the same or similar specialty as the care under consideration, as determined by CG's Physician reviewer. You may present your situation to the Committee in person or by conference call.

For level two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required preservice and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For postservice claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the Committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Independent Review Procedure

If you are not fully satisfied with the decision of CG's level two appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by CIGNA HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. CG will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by CG. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must notify the Appeals Coordinator within 180 days of your receipt of CG's level two appeal review denial. CG will then forward the file to the Independent Review Organization.

The Independent Review Organization will render an opinion within 30 days. When requested and when a delay would be detrimental to your condition, as determined by CG's Physician reviewer, the review shall be completed within three days.

The Independent Review Program is a voluntary program arranged by CG.

Definitions

Active Service

You will be considered in Active Service:

- on any of your Employer's scheduled work days if you are performing the regular duties of your work on a full-time basis on that day either at your Employer's place of business or at some location to which you are required to travel for your Employer's business.
- on a day which is not one of your Employer's scheduled work days if you were in Active Service on the preceding scheduled work day.

DFS1

Bed and Board

The term Bed and Board includes all charges made by a Hospital on its own behalf for room and meals and for all general services and activities needed for the care of registered bed patients.

DFS14

Charges

The term "charges" means the actual billed charges; except when the provider has contracted directly or indirectly with CG for a different amount.

DFS940

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly

to maintain the person's current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: (a) walking, (b) grooming, (c) bathing, (d) dressing, (e) getting in or out of bed, (f) toileting, (g) eating, (h) preparing foods, or (i) taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

DFS1812

Dependents

Dependents are:

- your lawful spouse;
- your Domestic Partner; and
- any unmarried child of yours who is
  - less than 26 years old;
  - 26 or more years old and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical handicap. Proof of the child's condition and dependence must be submitted to CG within 31 days after the date the child ceases to qualify above. During the next two years CG may, from time to time, require proof of the continuation of such condition and dependence. After that, CG may require proof no more than once a year.

A child includes a legally adopted child, including that child from the first day of placement in your home. It also includes a stepchild who lives with you. If your Domestic Partner has a child who lives with you, that child will also be included as a Dependent.

Benefits for a Dependent child or student will continue until the last day of the calendar month in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent.

No one may be considered as a Dependent of more than one Employee.

DFS1979

Domestic Partner

A Domestic Partner is defined as a person who meets all the criteria below, as stated on the Declaration of Domestic Partnership Form provided by the Employer, insurer or administrator:

- has shared the same primary, regular and permanent residence with the insured for the previous 6 months. It is not necessary that the legal right to possess the residence be in both names. Whether the relationship between these two people is or is not sexual is in no way relevant for the purposes of determining eligibility under this Declaration.
- has a committed personal relationship with you that is mutually interdependent, and this interdependence is intended to be lifelong;
- is jointly obligated and responsible for the necessities of life. Necessities of life means the cost of basic food, shelter, clothing and medical care. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible and obligated for the cost.
- is not married to anyone or legally separated from anyone;
- is eighteen years of age or older;
- is competent to enter into a contract;
- is not related by blood closer than would bar marriage in the state of Georgia;
- is your sole Domestic Partner;
- has signed an accurate and complete Declaration of Domestic Partnership form and meets all the criteria on the form.

Continued eligibility is contingent upon the continuing accuracy of the Declaration. Domestic Partner coverage will cease on the date a Domestic Partner no longer meets such criteria; or has agreed to file a Termination of Domestic Partnership with the Employer, insurer, administrator or state, county, local or municipal department responsible for Domestic Partners Registry within 30 days if any of the above facts change.

DFS1581

Emergency Services

Emergency services are medical, psychiatric, surgical, Hospital and related health care services and testing, including ambulance service, which are required to treat a sudden, unexpected onset of a bodily Injury or serious Sickness which could reasonably be expected by a prudent layperson to result in serious medical complications, loss of life or permanent impairment to bodily functions in the absence of immediate

medical attention. Examples of emergency situations include uncontrolled bleeding, seizures or loss of consciousness, shortness of breath, chest pains or severe squeezing sensations in the chest, suspected overdose of medication or poisoning, sudden paralysis or slurred speech, burns, cuts and broken bones. The symptoms that led you to believe you needed emergency care, as coded by the provider and recorded by the Hospital on the UB92 claim form, or its successor, or the final diagnosis, whichever reasonably indicated an emergency medical condition, will be the basis for the determination of coverage, provided such symptoms reasonably indicate an emergency.

DFS1533

Employee

The term Employee means a full-time employee of the Employer who is currently in Active Service. The term does not include employees who are part-time or temporary or who normally work less than 35 hours a week for the Employer.

DFS1427

Employer

The term Employer means the Policyholder and all Affiliated Employers.

DFS212

Expense Incurred

An expense is incurred when the service or the supply for which it is incurred is provided.

DFS60

Free-Standing Surgical Facility

The term Free-standing Surgical Facility means an institution which meets all of the following requirements:

- it has a medical staff of Physicians, Nurses and licensed anesthesiologists;
- it maintains at least two operating rooms and one recovery room;
- it maintains diagnostic laboratory and x-ray facilities;
- it has equipment for emergency care;
- it has a blood supply;
- it maintains medical records;
- it has agreements with Hospitals for immediate acceptance of patients who need Hospital Confinement on an inpatient basis; and
- it is licensed in accordance with the laws of the appropriate legally authorized agency.

DFS682

Hospice Care Program

The term Hospice Care Program means:

- a coordinated, interdisciplinary program to meet the physical, psychological, spiritual and social needs of dying persons and their families;
- a program that provides palliative and supportive medical, nursing and other health services through home or inpatient care during the illness;
- a program for persons who have a Terminal Illness and for the families of those persons.

DFS70

Hospice Care Services

The term Hospice Care Services means any services provided by: (a) a Hospital, (b) a Skilled Nursing Facility or a similar institution, (c) a Home Health Care Agency, (d) a Hospice Facility, or (e) any other licensed facility or agency under a Hospice Care Program.

DFS599

Hospice Facility

The term Hospice Facility means an institution or part of it which:

- primarily provides care for Terminally Ill patients;
- is accredited by the National Hospice Organization;
- meets standards established by CG; and
- fulfills any licensing requirements of the state or locality in which it operates.

DFS72

Hospital

The term Hospital means:

- an institution licensed as a hospital, which: (a) maintains, on the premises, all facilities necessary for medical and

surgical treatment; (b) provides such treatment on an inpatient basis, for compensation, under the supervision of Physicians; and (c) provides 24-hour service by Registered Graduate Nurses;

- an institution which qualifies as a hospital, a psychiatric hospital or a tuberculosis hospital, and a provider of services under Medicare, if such institution is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations; or
- an institution which: (a) specializes in treatment of Mental Health and Substance Abuse or other related illness; (b) provides residential treatment programs; and (c) is licensed in accordance with the laws of the appropriate legally authorized agency.

The term Hospital will not include an institution which is primarily a place for rest, a place for the aged, or a nursing home.

DFS1693

Hospital Confinement or Confined in a Hospital

A person will be considered Confined in a Hospital if he is:

- a registered bed patient in a Hospital upon the recommendation of a Physician;
- receiving treatment for Mental Health and Substance Abuse Services in a Partial Hospitalization program;
- receiving treatment for Mental Health and Substance Abuse Services in a Mental Health or Substance Abuse Residential Treatment Center.

DFS1815

Injury

The term Injury means an accidental bodily injury.

DFS147

Maximum Reimbursable Charge - Medical

The Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply; or
- a policyholder-selected percentage of a schedule developed by CG that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable fee for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge is listed in The Schedule.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by CG.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by CG. Additional information about how CG determines the Maximum Reimbursable Charge is available upon request.
