

## Center for Integrating Teaching and Technology (CITT) Workshops

Workshops offered by the AUC Woodruff Library's E-Learning Technologies Unit

Please call or e-mail Emy Decker (Unit Head, E-Learning Technologies) to reserve a spot.  
(404) 978-2053, [edecker@aucr.edu](mailto:edecker@aucr.edu)

### Fall 2015 Workshops - Main Level, Room 208

#### August

##### **14 Flipped Classrooms – Friday, August 14, 3-4pm**

Interested in flipping a class or course this semester? Join the E-Learning Technologies Unit for a session on how to plan, develop, and deliver an effective flipped classroom. Work with E-Learning Technologies Unit members to chart a course and pilot a flipped classroom this semester.

##### **25 Social Media and Pedagogy – Tuesday, August 25, 3-4pm**

You're competing with the world of Facebook, Twitter, Instagram, and others for your students' attention. Consider bringing academic discourse to the students' world. Learn about top social media applications and their functions as well as engagement techniques for smart posting and saving time. Use what you learn to build a strategy to incorporate social media into your pedagogy and increase student participation. No social media accounts or foreknowledge required.

#### September

##### **10 Tools to Enhance Online Courses – Thursday, September 10, 3-4pm**

Considering teaching a course online? Come to this workshop to explore uses of technology that will assist you in preparing your classes. Meet technology, such as the Swivl and the VGo robot, and explore software solutions such as Skype to assist you with live classroom presentations.

##### **23 Flipped Classroom and Apps – Wednesday, September 23, 3-4pm**

This workshop will walk you through how to flip a class or a course! Faculty will be given successful examples of flipped classroom activities and will receive assistance with an individualized personal plan for flipping their classrooms. Also, explore the world of digital education applications, discuss best practices, and gain perspectives about your colleagues' practical app uses.

#### October

##### **12 Visual Literacy – Monday, October 12, 10-11am**

Do you know how to harness the power of a strong visual vocabulary to make best use of classroom visuals? The E-Learning Technologies Unit will introduce you to some guidelines for creating successful visual presentations. Visual literacy is key, and this session will help you to tailor your presentations to support multi-modal student learning in your classroom.

##### **21 Gamification – Wednesday, October 21, 3-4pm**

We think of games as being for fun and recreation, but what if we used them to enhance our teaching and students' learning? Gamification in higher education is showing up in classrooms around the nation. Come learn how you can employ games to enhance student learning and engagement.

#### November

##### **10 Assessment – Tuesday, November 10, 10-11am**

Assessment doesn't have to be difficult. Join the E-Learning Technologies Unit to find out how to use online tools to create simple surveys and discuss strategies for both setting up surveys and reviewing the results. Don't miss the opportunity to learn about online survey tools and improve your assessments.
